3 Test

Reset

Trigger activation

Important ! Do NOT read these codes if your ScanPlus does not have a trigger. If you read these codes with a non-trigger model your ScanPlus may stop working.

If this happens:

1. Disconnect the ScanPlus.
2. Reconnect the ScanPlus while aiming it at the "Reset" code above.

Activate trigger

Autostand ON

Autostand OFF

for use with scanner stand

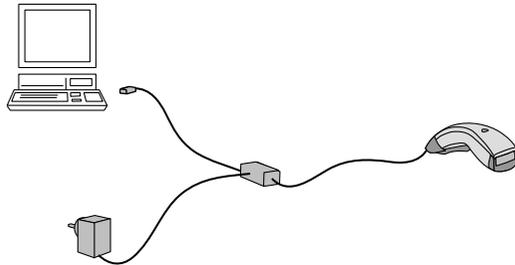

Full setup with EasySet

1 System power OFF

2 Connect RS-232 C cable (P/N 0-364032-00)

3 Scanner power ON

4 System power ON

5 Scan EasySet setup code

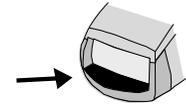

6 Start EasySet software

Laser warnings (ScanPlus 1800 ST only)

The ScanPlus 1800 ST has a maximum laser output of 0.54 mW at 630-680 nm and complies with the following safety standards: USA: CDRH - Class II Laser Product (CFR 21 Subpart J). IEC 825-1 EN 60825-1 - Class 2 Laser Product. These warnings do not apply to the ScanPlus 1800 SR, PDF and VT which are CCD scanners and do not contain a laser.

AVOID EXPOSURE - EVITER TOUTE EXPOSITION - EVÍTESE EXPOSICIÓN
Laser radiation is emitted from this aperture - Lumière laser émise par cette ouverture - Se emiten radiaciones de esta apertura.

Fix these warning labels onto the product if they are not already present.

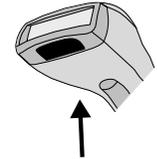

Collez les étiquettes d'avertissement sur votre produit.

Bringen Sie Warnetiketten auf dem Produkt an.

Fije la etiqueta de advertencia en el producto.

Cole as etiquetas de precaução no equipamento.

Un'etichetta di avviso per il laser è da applicare sul prodotto.

CAUTION – Use of controls or adjustments or performance of procedures other than those specified herein result in hazardous laser light.

VORSICHT – Bei einer anders als hier beschriebenen Verwendung der Bedienelemente oder Veränderungen oder einer anderen Ausführung der Arbeitsabläufe entsteht gefährliches Laserlicht.

ATTENTION – L'utilisation de contrôles/commandes ou de réglages ou l'exécution de procédures autres que ceux précisés par le présent document provoquent une lumière laser dangereuse.

Regulatory statements

CE Intermec hereby declares that the ScanPlus 1800 has been tested and found compliant with the below listed standards as required by the EMC Directive 89/336/EEC as amended by 92/31/EEC and by the Low Voltage Directive 73/23/EEC as amended by 93/68/EEC:

EN55022 (1992) EN50082-1 (1998) EN60950 (1993)

USA: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. It generates, uses and can radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause interference to radio communications. If this equipment causes interference, the user will be required to correct the interference at the user's own expense.

This equipment complies with the UL 1950 standard.

Canada: This Class B digital apparatus meets all requirements of the Canadian Interference Causing Equipment Regulations.

Cet appareil numérique de la classe B respecte toutes les exigences du Règlement sur le matériel brouilleur du Canada.

This equipment complies with the UL 1950 standard.

Cet équipement est conforme à la norme UL 1950.

Australia-New Zealand: This equipment has been tested and found to conform to the Australian EMC framework concerning Class B digital devices, prescribed by the Australian and New-Zealand standard AS/NZS 3548.  N309

Mexico: Este equipo cumple con la certificación NOM.
